

Total Number of Students Reached: 273

Participation by Program				
Signs of Suicide	Gay/Straight Alliance	Teen Intervene	Latinx Student Alliance	Learning to Breathe
204 students	17 students	1 student	23 students	28 students

Gay/Straight Alliance

The GSA had an average of 17 participants. One initiative included the creation of a “rainbow box” where Skinner scholars can ask questions about the LGBT community in an anonymous way and the GSA will answer the questions during family meeting.

Latinx Student Alliance

- The Latinx Student Alliance continues with an average of 22 students. In October the group organized a Dia de Los Muertos event to educate the community about the history of this day as well celebrate loved ones who had passed.

2018-2019 School Health Professionals Grant Summary: **Skinner Middle School**

- The SHP and one of our Latinx Leadership students participated in a Spanish radio show called Hablemos Hoy. The student and SHP talked about substance use prevention, vaping, what Latinx Leadership is and what we are doing this year to combat substance use. In addition, they have been asked by SpeakNow Colorado to be interviewed for the great work they are doing in prevention with the Latinx community.

BESS Universal Screener

SHPs were responsible for working with their school administration to implement the BESS Universal screener to assess overall behavioral and emotional risk and overall mental health status of students at Skinner. The BESS is utilized to guide the work of the SHP as well as measure school-wide impact of prevention programming.

School Name: Skinner Middle School

BESS Social Emotional Screener - Pre/Post % Comparison 2018-2019

Goal is to increase % Normal and decrease % Elevated and Extremely Elevated

BERI

BERI - Behavior and Emotional Risk (Overall)

Skinner data showed a decrease increase in students who finished the year in the normal range, while also showing an increase in the number of students who were experiencing elevated and extremely elevated levels of risk. While results were not favorable, the post test data from 2018-2019 can be an excellent tool to determine areas of need for the 2019-2020 school year.

Info Dissemination

Parent Tool Kit Brochures and additional resources were e-mailed to all parents of Skinner students.
